SYNOPSIS.

THE CITY. Handsome athletic clubhouse to be built near Bimbal Baths by new sporting club... Jury in Griffith case brings in verdict of \$500 for Attorney Silent and W. J. Death of A. K. Waters... Sensational attempt of big automobile to blow up marks opening of race meet... Ed Myrick shot through neck by keeper... Great Catholic dedication at Hollywood today... Uncle Sam's check for \$1 for new postoffice arrives... Cruelty to Animals Society wants horse hospital... Chance signed by Morley... Mrs. Bangle lectured by the court... Justice Pierce advocates whipping post... Supreme Court decides San Francisco charter case... Councilman McAleer says he will not block franchise sales... Wife says husband brought rattlesnakes into house... Sheriff and Hammer hearing Second Ward... Boss Penney handling out typographical Union money to needy editors.

SOUTHERN CALIFORNIA. Pasadena shooting may yet prove fatal. Hunter finds corpse of woman near Santa Monica Canyon... Love-care hospital patient battles head against bars in San Bernardino... Whittier's great gain in valuation. Santa Barbara county tax collector charged with "wifely and corrupt conduct in office"... Incorporation talk in Tropic... Orange county constable drenched with beer... Formal award of Lipson Cup to yacht Detroit in San Diego... Indio... Child playing with matches is burned to death... Farmer kills as result of a horse's kick... Fatal runaway accident at Lyonsville... Warden Tompkins reports on conditions at Quentin... Negro soldier killed Sergt. Tooley at Monterey... Chinese problem for Judge De Haven. Doctor accused of poisoning his wife.

POLITICAL. Great crowd gathered to hear Grover Cleveland talk... Judge Parker receives delegation at Rosemont... Speaker Cannon says West Virginia is sure for Roosevelt... San says doubtful States sure for Roosevelt... Senator Lodge acquiesces Culbertson... Bryan says he has not changed his views.

GENERAL EASTERN. Interesting factor given in report of Union Pacific... Archbishop Glennon of St. Louis opposes proposal to turn over books free... Desperate battle between detectives and suspected train robbers... Married woman fatally beaten by children of her paramour... Testimony given in Dubois will continue... FOREIGN BY CABLE. Freshet and loss of life in Algeria... British government refuses permission to Germany to use Walfish Bay.

RAMON CORRAL.

Vice-President of Mexico Arrives at San Francisco and is Received by Admiral McCalla.
[BY THE ASSOCIATED PRESS-P.M.]
SAN FRANCISCO, Oct. 21.—Ramon Corral, Vice-President of the Republic of Mexico, arrived here tonight from St. Louis, having been delayed by various railway mishaps.
He was met at the Oakland Mole by Admiral McCalla, U. S. N., and a company of marines and taken across the Bay to the city in a government tug. At the local transport dock a large military escort awaited the Mexican official and accompanied him to his hotel.
A banquet will be given Vice-President Corral tomorrow evening by local citizens.

HONOLULU SHAKES UP.

HONOLULU, Oct. 21.—Gov. Carter has accepted the resignations of High Sheriff A. M. Brown and Deputy C. E. Chillingworth on account of dissatisfaction over the non-reinforcement of liquor gambling laws. C. T. Hatter has been investigating here for some time at Gov. Carter's request. William Henry has been appointed high sheriff and C. T. Hatter deputy sheriff.

SOME CANNONADING AND SKIRMISHING.

Military Operations in Manchuria Await Drying of the Roads and Plains.

Japanese Still Hold Railway Station at Shakhe—Kourapatkin Prepares to Hold Plain in Front of Mukden With Three Lines of Defenses—Russian Losses During Great Battle Just Closed Were Frightful.

[BY THE ASSOCIATED PRESS-P.M.]
Corps have been engaged in slight skirmishes on the advance line the past few days.
The fact that the First and Fifth Siberian Corps are the only corps hitherto unmentioned in reports of the fighting on October 19 shows that Gen. Kourapatkin has sent the reserves to the trenches, giving other much-tired corps a thorough rest.
It develops that after the Lone Tree Hill fight the Japanese were unable to remove a number of cannon, which remained midway between the Russian and the Japanese trenches.
As they lay, these guns were so exposed to fire from both sides that it was impossible for either side to get them during daylight and repeated attempts have been made by both to secure the guns at dark. Up to the present, Cosacka have got three of the cannon.

The first detachment of the Eighth Corps has reached Harbin and the remainder is expected to reach Harbin within three weeks. Meantime, three Polish brigades are beginning to start for the front. It is expected that this will provide 20,000 troops. By the time this force is started for the Far East the Sixteenth Corps, stationed at Vitebsk, or the Second Corps, at Grodno, will be ready to start.
Gen. Gripenberg, who is to command the Second Manchurian Army, was received in audience today by Emperor Nicholas at Tsarskoe-Selo and had a long conference with him about the dispatch to the Far East of the remaining corps of the Second Army.

ROADS DRYING HARD.
[BY THE ASSOCIATED PRESS-P.M.]
MUKDEN, Oct. 21, 1 a. m.—[By Associated Press.] Toward evening yesterday, the fog lifted and some of the Russian guns at various points opened fire against the Japanese defenses, but they did not respond.
The weather and the condition of the roads have made extensive operations impossible, but the roads are now drying hard, which forecasts events in the near future.
The war correspondents in the field are kept in the dark, and it is difficult to say when and how this dreadful slaughter will end.

EVERY ONE WOUNDED.
[BY THE ASSOCIATED PRESS-P.M.]
MUKDEN, Oct. 21.—Every man of the two hundred Cosacks commanded by Capt. Tourgenieff, who, Tuesday night, reconnoitered the Japanese left, southwestward, and who, near Sandou, unexpectedly encountered a good-sized Japanese force with machine guns, was wounded, and every horse, except Capt. Tourgenieff's, was hit by the bullets from the machine guns. Tourgenieff, though mortally wounded, carried off one man behind his saddle, while others managed to creep back to camp. But, as already cabled, not one man was killed on the field.

ARMIES MUCH FATIGUED.
[BY THE ASSOCIATED PRESS-P.M.]
BERLIN, Oct. 21.—[By Associated Press.] Col. Gaedke, war correspondent of the Tageblatt, telegraphed to his paper today from Mukden as follows: "Have been unable to telegraph for two days owing to the absence of the censor, on the 19th and 20th.
"Both armies are much fatigued. They occupy positions in close contact. Only an occasional shot breaks the stillness.
"A general Russian attack appeared to have been planned for the night of October 20, but a freshet in the Shakhe River prevented it.
"The roads and fields are drying slowly. It rained again the night of the 20th."

FRIGHTFUL RUSSIAN LOSSES.
[BY THE ASSOCIATED PRESS-P.M.]
BERLIN, Oct. 21.—The Russian losses were frightful. Single regiments have as few as 500 men left. The Viborg Regiment, of which Emperor William is honorary colonel, had twenty officers and 300 men killed. The feeling is accordingly grave.
"No end is visible of the ghastly slaughter.
"No skill in leadership can bring victory in the present struggle, but only the firmer will of the commander and his troops.
"The wounds are much more dangerous than formerly. This is partly due to the use of the old-style Japanese rifle, with their flattened, copper-headed covered bullets, and partly to the thicker clothing of the soldiers.
"I have private news from Port Ar-

thur that there is abundant ammunition for two months and provisions for a much longer period. Nobody in the fortress thinks it can ever fall.
"The division of Gen. Kondratich captured more Japanese guns yesterday."
A dispatch to the Lokal Anzeiger from Mukden today says the right Russian army corps has arrived there and that Gen. Kourapatkin will make new plans immediately.

FIRE ON SHAKHE STATION.
[BY THE ASSOCIATED PRESS-P.M.]
MUKDEN, Oct. 21, 5:20 a. m.—The Russians Thursday opened an artillery fire on Shakhe station, where there seemed to be a Japanese outpost watching the Russian movements. The guns were then trained on the village of Lamang, a little east of the station. The Japanese replied languidly.
The weather today is fine and sunny, with a cold, biting wind. There was a severe frost last night.

WEDNESDAY WAS QUIET.
[BY THE ASSOCIATED PRESS-P.M.]
HUANSIAN (Manchuria) Oct. 20, by courier to Mukden, Oct. 21.—Wednesday passed quietly. Along the Russian center there was some desultory outpost firing, but nothing serious. Last night also was without incident. This morning, the plain was covered with a blanket of fog as thick as the darkest night. In the afternoon, the weather cleared.

FIERCE BOMBARDMENTS.
JAPS BUSY AT PORT ARTHUR.
[BY THE ASSOCIATED PRESS-P.M.]
ST. PETERSBURG, Oct. 21.—[By Atlantic Cable.]—News from Port Arthur brought to Chefoo by a junk which left there Oct. 19 says a fierce bombardment began Oct. 16th is still progressing without interruption. Many buildings had been damaged and ships in the harbor had also been hit by shells but the character and extent of the damage are not stated.
The Japanese main forces are now posted at Luidziang. They have placed guns of large calibre on Luidziang mountain.
The Admiralty has not received confirmation of the report from Chefoo that Russian ships in the harbor of Port Arthur have been damaged by Japanese shells, as the blockade has been sufficiently effective to prevent delivery of official dispatches.
Satisfactory reports have been received by the Admiralty of the progress made by the Baltic fleet. The stoppage of the Swedish coast within a few days of leaving a home port was due to the necessity for filling up the bunkers for the long trip through the North Sea to the Atlantic where the fleet will not find convenient coaling points. Neither the next stopping nor the route has been revealed. These points are covered by Vice-Admiral Rojestvensky's sealed orders which, however, is known to give wide latitude in this matter.

ABOUT TWENTY THOUSAND.
RUSSIAN LOSSES IN LAST FIGHT.
[BY THE ASSOCIATED PRESS-P.M.]
ST. PETERSBURG, Oct. 21, 1:42 p. m. [By Atlantic Cable.]—The War Office has no fresh news this morning, except a list of losses of Gen. Ekk's Seventy-first Division of the Fifth Siberian Corps, and Gen. Morozoff's First Division of Lieut. Gen. Dambowsky's corps. Each lost half a dozen officers. The official lists of officers killed and wounded between Oct. 11 and Oct. 13 totals 172, including Maj. Gen. Rabinski and seven other field officers killed. The wounded are in the proportion of one to six.

MISS WARREN WAS TREASURER.
LARGE SUM DRAWN BY MISS DOLBEER FOR TRAVEL.
Nurse Who Had Known the Unfortunate Young Woman for Years Testifies She Was Banned When She Made Her Will in Miss Warren's Favor.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Oct. 21.—[Exclusive Dispatch.] Two sensational facts were brought out at the third session of the hearing held before Commissioner Robert P. Lee yesterday in the fight for the millions left by Bertha M. Dolbeer, the young California woman who committed suicide at the Waldorf July 9, leaving her entire fortune to Miss Etta Marion Warren.
T. S. Rumsey, general manager of Laidlaw and Company, declared that when Miss Dolbeer came to his office four hours before her tragic death to draw some money on her better credit, that Miss Warren stated Miss Dolbeer wanted \$800 and that she had to get back to California as soon as possible.
Miss Dolbeer handed the money over to Miss Warren. Miss Warren received a check from California for \$500 a few days before. The fact that Miss Dolbeer drew about \$12,000 for a two months' trip is puzzling to heirs. It is said that Miss Warren was treasurer of the party.
That Miss Dolbeer was sane when she made her will was the positive declaration of Elizabeth M. Horan, the nurse who attended John Dolbeer for several months prior to his death and who had known Miss Dolbeer two years.

GERMANY TURNED DOWN.
British Government Positively Refuses Use of Walfish Bay in War Against the Hottentots.
[BY THE ASSOCIATED PRESS-P.M.]
BERLIN, Oct. 21.—[By Atlantic Cable.] The government has asked Great Britain to permit Germany to use Walfish Bay for landing troops and supplies essential in the war against the natives of German Southwest Africa. The British government has refused positively to grant the request.
Walfish Bay is the only good harbor for a thousand miles along that Coast. It lies in that portion of the shore held by Great Britain near Swakopmund, the port of entry to German Southwest Africa.
Swakopmund has always been a difficult harbor to enter and is especially so this year as the Swakope River has discharged immense quantities of sand into the shallows. The far reaching shoals and heavy surf delay vessels for weeks in the discharge of their cargo. It recently took a German ship four weeks to land three companies of troops, with their horses, guns and supplies.
Cable dispatches nearly every day bring news of some small German reverses in Southwest Africa. News was telegraphed last night that the German station at Nomasas had been captured by the Hottentots. Veterinary Surgeon Oskar Albrecht and a planter named Hermann were among the killed.

IT RAINED BULLETS.

Officers Attacked by Desperadoes.

In Fight That Followed, Two Detectives and One Antagonist are Slain.

Death List Liab to Additions, as Several Were Badly Wounded.

The Affair Took Place in a St. Louis House Long Under Surveillance.

[BY THE ASSOCIATED PRESS-P.M.]
ST. LOUIS, Oct. 21.—Two city detectives are dead and another is not expected to live during the night while one train robber suspect is at the morgue and two others are in the city hospital, one fatally wounded and the other badly beaten up, as the result of a desperate battle today between five officers and three men whom they tried to arrest.
The dead:
JOHN SHEA, detective.
AL ROSE, suspect.
THOMAS DWYER, detective.
The wounded:
The James McCusky, detective, shot through the stomach, critical.
C. C. Blair, fugitive, shot four times through the body; critical.
Harry H. Vaughn, fugitive, badly beaten about the head by detectives when he sought to aid his friends in the battle.
The fight occurred in the front room of a house on Pine street, and the men whom the detectives sought to arrest are suspected of being implicated in a train robbery at Centralia, Ill., a few weeks ago.
The house had been under police surveillance for several days but today was the first time that any of the suspects was seen to enter or leave.
A few minutes before the fighting occurred, Vaughn left the house and started to walk down Pine street. The detectives closed in on him and after he had gone some distance from the house he was arrested.
Accompanied by their prisoner, the detectives returned and entered the house. Shea, McCusky and Dwyer were leading, Boyle and James were behind the prisoner.
Hardly had the detectives entered the room in which Rose and Blair were seated when they were met with a volley of shots from heavy caliber guns. Shea sank to the floor and Dwyer fell almost immediately.
By that time the detectives had drawn their revolvers and there was a deafening exchange of shots for several seconds, each man pulling the trigger of his weapon as rapidly as possible.
During the excitement, Vaughn attempted to escape from his captors and assist Rose and Blair. Boyle and James, however, clubbed their revolvers and beat their prisoner over the head until he was unconscious and then they went to the aid of Shea, Dwyer and McCusky. The latter having in the meantime sunk to the floor with a critical wound in the stomach. One of the unwounded detectives summoned an ambulance and the wounded officers and suspects were taken to the city hospital.

Lee yesterday in the fight for the millions left by Bertha M. Dolbeer, the young California woman who committed suicide at the Waldorf July 9, leaving her entire fortune to Miss Etta Marion Warren.
T. S. Rumsey, general manager of Laidlaw and Company, declared that when Miss Dolbeer came to his office four hours before her tragic death to draw some money on her better credit, that Miss Warren stated Miss Dolbeer wanted \$800 and that she had to get back to California as soon as possible.
Miss Dolbeer handed the money over to Miss Warren. Miss Warren received a check from California for \$500 a few days before. The fact that Miss Dolbeer drew about \$12,000 for a two months' trip is puzzling to heirs. It is said that Miss Warren was treasurer of the party.
That Miss Dolbeer was sane when she made her will was the positive declaration of Elizabeth M. Horan, the nurse who attended John Dolbeer for several months prior to his death and who had known Miss Dolbeer two years.

Nurse Who Had Known the Unfortunate Young Woman for Years Testifies She Was Banned When She Made Her Will in Miss Warren's Favor.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Oct. 21.—[Exclusive Dispatch.] Two sensational facts were brought out at the third session of the hearing held before Commissioner Robert P. Lee yesterday in the fight for the millions left by Bertha M. Dolbeer, the young California woman who committed suicide at the Waldorf July 9, leaving her entire fortune to Miss Etta Marion Warren.
T. S. Rumsey, general manager of Laidlaw and Company, declared that when Miss Dolbeer came to his office four hours before her tragic death to draw some money on her better credit, that Miss Warren stated Miss Dolbeer wanted \$800 and that she had to get back to California as soon as possible.

CONDITIONS AT SAN QUENTIN.
WARDEN TOMPKINS'S REPORT.
BY THE ASSOCIATED PRESS—P.M.
SACRAMENTO, Oct. 21.—Warden J. W. Tompkins of San Quentin filed his biennial report with Gov. Pardee today.
He reports that the difference in profits between 1903 and 1904 in the operation of the jail mill is \$20,000, as there were nearly \$200,000 more bags sold in 1903 than in 1904. He recites that the falling off in the grain crop this year, coupled with the fact that the merchants sold California bags for \$5.25 per hundred, and in some cases as low as \$4, while the price of private brands was \$6.50, and that the demand for the purchase of bags was not two years since the charter was last amended. The Supreme Court decides that the amendments shall not go on the ballot.

KILLING OF TROOPER TOOLEY.
NEGRO, UNKNOWN, DID MURDER.
BY THE ASSOCIATED PRESS—P.M.
MONTEREY, Oct. 21.—The excitement over the killing of Sergeant Arthur E. Tooley, Troop K, Fourth United States Cavalry, and the subsequent burning of the house where the shooting occurred, has subsided. The report that other men were seriously wounded in the crowd turns out untrue. The inquest was held and the coroner's jury brought in a verdict to the effect that Arthur Tooley, a native of Indiana, about twenty-four years of age, came to his death by a gunshot wound inflicted lawfully by a colored soldier of the Ninth United States Cavalry whose name is unknown, but who is charged with murder.

LIM FONG'S CITIZENSHIP.
JUDGE DE HAVEN TO DECIDE IT.
BY THE ASSOCIATED PRESS—P.M.
SAN FRANCISCO, Oct. 21.—A question of citizenship is before United States Judge De Haven.
Lim Fong, a Chinese born in Oakland some twenty years ago, claimed citizenship in the United States after having spent his life from the age of 4 to his majority in China. The government asserted that owing to his long residence abroad he had forfeited all right to return to America. Commissioner Heacock recommended Lim Fong's citizenship be restored. De Haven confirmed his recommendation. The case will be taken, on the part of the government, to the Circuit Court of Appeals.

PLAYED WITH MATCHES.
CHILD BURNED TO DEATH.
BY THE ASSOCIATED PRESS—P.M.
SANTA MARIA, Oct. 21.—Manuel Fytha, the two-year-old nephew of Jose Lopez of this place, was burned to death this morning. The child, with other children, found some matches and went to the barn to play with them. The hay ignited and the little fellow was burned to a crisp. The two other children had a narrow escape. Mrs. Lopez was badly burned in trying to save her nephew.

Hale's
Men's \$1.25 Golf Shirts
Today 95c
We show a whole, big window of these splendid high grade golf shirts which will go on sale this morning at 95c each. If we cared to indulge in exaggeration we could call them a \$1.50 value and not one man in ten would know the difference. We prefer, however, to tell you the exact truth, and the shirts are actually the very best \$1.25 golf shirts manufactured. They come in light and dark effects, some in small figures, some in stripes, made to wear with white collars. Cuffs are detached. The materials are madras and percales. On sale today 95c each.
Saturday Sale of
Veils and Veilings
Hale's has always been looked upon as the headquarters for veils and veilings. In order to introduce our Fall stock we shall offer a number of very attractive special values for today. Here they are—
Moline veilings in a good range of colors, full width, 20c quality 10c per yard.
Chiffon veilings in brown, blue, red, white, burnt orange, navy, etc.; 18 inches wide exceptional values at 25c per yard.
Hemstitched chiffon veilings, in all the wanted colors. Regular 50c values; special, 35c the yard.
Extra Saturday Special
25c, 35c, 40c, 50c Ribbons 19c
Here's a bargain that very nearly every woman will want to share in. It's a big, big lot of beautiful silk ribbons measuring from 34 to 5 inches wide. Think of these widths, 34 to 5 inches! Ribbon comes in all silk quality in stripes, plaids, Dresden effects, etc. The colorings include pink, blue, black, red, Nile green, lavender, etc. They are suitable for dress ornaments, fancy work, millinery, etc. Regular values range from 25c to 50c. Your choice, only 19c.
Saturday Morning Only
Embroideries 4c
Here's a fine lot of pretty embroideries, measuring from 1 to 5 inches wide. On sale this morning at 4c. At 12 o'clock, should there remain any unsold, they will be put back in stock and marked at their former prices. They come in the prettiest new effects, in open and closed designs, some in cambric, some in swiss. The edges are perfectly stitched. They are really worth as high as 12c. Don't miss such a chance to buy dainty new embroideries at 4c the yard.

Cheese
We sell lots of it because we get the best we can find and sell it cheap. Fancy New York full cream 18c—not too strong, but rich. California 15c. A full line of fancy cheese as well.

GENERAL CONVENTION.
Resolution Adopted Providing for Special Form of Worship for Foreigners.
BY THE ASSOCIATED PRESS—P.M.
ST. LOUIS, Oct. 21.—The Episcopal General Convention today adopted a resolution in the House of Deputies providing for special forms of worship to meet the requirements of foreign congregations which may be brought into the church. The resolution was presented some time ago by Dr. William R. Huntington of New York. The proposal was bitterly fought at the St. Louis convention, and met with much opposition at Boston, many asserting that the measure would lead to great diversity. The resolution will be acted upon by the House of Bishops.

FAMILY BROKE IT UP.
Illinois Woman Who Was Leading Man Astray Dies Result of Encounter With His Children.
BY THE ASSOCIATED PRESS—P.M.
PEORIA (Ill.) Oct. 21.—Mrs. Nellie Thompson, wife of a former prominent real estate dealer in this city is dead as the result of injuries received in a sensational encounter with Richard and Jennie Higgins, children of John C. Higgins, a member of the Board of Supervisors of Peoria County and prominent in Republican politics. The Higgins children intercepted a letter written to Higgins by Mrs. Thompson in which she asked him to meet her at the depot in this city. Higgins was at St. Louis and his son opened the letter. When Mrs. Thompson arrived she was confronted by the three and an uncle of Higgins. What took place is a mystery, as only the three and an uncle of Higgins were present. Some time later, the woman asked the ticket agent to assist her to the floor of the waiting room was covered with blood. The woman died several hours later after suffering great agony.

LOCAL POLITICS.

WARMING UP THE SECOND.

Fight Between Skilling and Hammond is Hot.

Boss Fennessy Handing Out Money to Editors.

Great "Generalists" After a Share of the Sack.

Leo Youngworth is at the head of a drive to see Percy Hammond nominated by the Republicans as Councilman from the Second Ward. His political opponents charge that, in order to accomplish this end, Youngworth has resorted to various means.

Precinct eighteen of the Second Ward will send ten delegates to the Republican City Convention. Two weeks ago a compromise was effected between the Hammond and the Skilling forces whereby each was to name five of the delegates and there was to be no contest. Pursuant to this arrangement, so Skilling's friends say, no canvass was made of the precinct.

Two days ago a Skilling supporter received the following notice:

You are earnestly requested to attend a meeting of the Republicans of the eighteenth precinct on Friday evening at 8 o'clock in the engine-house on North Hope street, between First and Court streets. The purpose of the meeting is organization and nomination of the delegates to the coming Republican City Convention.

A number of Skilling's friends last night went to this Youngworth rendezvous. They claim they were refused admission to the meeting; that Youngworth announced at the door that only those who would pledge themselves to vote for Percy Hammond would be admitted.

Ten delegates were selected to be voted for at the primaries next Tuesday and Leo Youngworth's name headed the list.

Skilling's friends will meet tonight to nominate an opposition ticket. They say that if the ticket named by Youngworth should win at the primaries they will contest the seats of five of the delegates in the city council.

City Assessor Wisner's friends in Precinct six last night met and nominated delegates to the Republican City Convention. The delegates were instructed to vote for Wisner and Butler. During his speech, Mr. Cleveland was loudly applauded at times being interrupted for several minutes. His statement that there was no necessity for him to apologize for his part in the deeds of Democracy caused tremendous cheers of approval. At the mention of the name of Alton H. Parker near the end of his speech the audience rose as one man and the cheering lasted several minutes. The reference to D. C. Herrick caused loud applause. At the conclusion of his speech Mr. Cleveland was greeted with cheering and spontaneous applause at any time during the evening. He then introduced John Carlisle.

JOHN G. CARLISLE TALKS.

Mr. Carlisle who was loudly greeted said in part:

"It is a great achievement that we are once more a united Democracy. On the question of extravagance to reduce excessive rates on the water supply question, on the question of Panama, on these questions and many more we have met this defiant and dictatorial party on its own ground and have compelled it to defend its policies."

"Even the belligerent candidates for the Presidency have been made to stand aside his arms, even 'the big stick' and his war cries are not heard through the land. He is now an apostle of peace on earth and goodwill toward men until after election. I say 'after election,' as I don't think any one believes that his tergiversation has changed in the slightest."

"The Republican and Democratic parties differ upon a great many questions of legislative and administrative policy more or less affecting the peace and prosperity of the country, but the great essential difference between them in this campaign is that we stand for obedience to the Constitution and the laws on the one hand and private officers, but of private citizens; we stand for economy and honesty in the expenditure of the public money, for moderate and fair system of taxation upon the people, for the protection of their liberties by equal and just laws fairly administered, for the maintenance of a strict observance of our international obligations without regard to the strength or weakness of our opponents."

UNION MONEY.

GOING FOR "ADS."

Dictator Fennessy has opened the Typographical Union sack.

Did it buy him anything? Well rather! A bunch of trouble almost as large as his bump of conceit.

Boss Hay said it happened because Fennessy was too liberal at the start. Fennessy lays it on a campaign dope book that a member of the stablesmen's union swiped out of Luther Brown's valise.

First came the walking delegates. Fennessy silenced them without a mishap. He knew the price of an agitator, for he had been doing himself up in a suit of finery to face with his finish when he tried to do business with Luther Brown's subsidized press.

There is where the dope book sent him off wrong. In fact, after the damage had been done Fennessy discovered that it was the dope book Luther used in an old campaign.

Word was quickly passed down the line that Fennessy was furnishing first aid to the write-up man.

The first direct result of the opening of the sack appeared yesterday in the shape of a very large cut of Kern, graphically printed on the front page of a small morning weekly.

Coincident with the appearance of this Kern campaign poster, one of the editors of the weekly proffered a \$10 note as payment for a drink at a Spring-street soda fountain.

An amateur sportsman noted the occurrence and telephoned it to the proprietor of the "Barkeepers' Guide." That worthy passed the word along to the foreman of the Eagle to a press man on the South Side Gazette. It soon reached the offices of the Ancestry, Ward Patriot and the Compton Avenue Crusader.

Advertising rates were marked up all along the line, and when Fennessy reached union headquarters "the boys" were all there.

Fennessy swore it was a trust. He knew the advertising rates of the Eagle. Luther Brown had once bought space in that publication for \$5, and then watched on his contract how the price was too high.

If Luther could buy press notices for \$5, why should he, Fennessy, be expected to pay more. But the Eagle man was persistent, and in one wild rush, the cherry brigade, so strong, fell away from Kern and went over

to Snyder. The press agent business did not seem to be a very profitable one. With the ad. man for the Barkeepers' Guide, Fennessy fared even worse. He wanted to discuss rates and the ad. man wanted to discuss Fennessy. The Compton Avenue Crusader wanted to make Kern the hero of a serial story at \$5 per serial.

Fennessy trotted out Kern's record as a mighty builder of schoolhouses without heaters and paid the man with the least wire to take it away.

PATTERSON RETORTS.

"Wearing the mask of temperance and the mantle of platy politics stalks through the San Fernando Valley in the guise of an anti-saloon league candidate for Supervisor."

This is the assertion of Supervisor Charles E. Patterson, the regular Republican candidate for reelection in the Fifth District, at the fight being made in his district by the anti-saloon league against him and in favor of the temperance candidate for supervisor from Chatsworth Park.

"I am ready to assume the responsibility for all of the charges made against me," remarked Mr. Patterson last evening, "but I object most emphatically to being held up for things I never did."

Continuing, Mr. Patterson said that Superintendent Erwin Chapman, of the Anti-saloon league, had charged him with granting "liquor licenses" in twenty-one "dry" districts.

"The fact is," continued the Supervisor from the Fifth District, "there were only two restaurant and two hotel licenses in the Fifth District in all of my territory. In every way I have lived up to the law governing the action of Supervisors in this matter and have not tried to either side the law or to shirk the wishes of my constituents."

"During my first campaign for Supervisor, the Anti-saloon league charged me, but this year it has a candidate of its own and the result is that the league is 'doing politics' in a way which, I must say, reflects no great credit upon such an organization. It is a gross misrepresentation of my actions as a Supervisor and it always speaks of 'liquor licenses' and thus gives the idea of saloon licenses when in fact it means restaurant or hotel licenses."

"To hear a speaker of the Anti-saloon league denounce me one would think I had planted saloons every 100 yards along the main roads of my district, while as a fact there is no saloon and only one restaurant license between the city limits and Newhall."

THE TERRORS.

Teddy's Terrors will usher in the open season this morning for shooting the nimble voter from the quarter deck of a trolley car. Under command of Chief Buster Hughes the Terror will assemble at Newhall Hotel at 8 o'clock. Two private cars will be in waiting to convey them to Hollywood, where, at 9 o'clock, the assault of the day will open.

Oscar Lawler, L. C. Gates, John G. Mott, Senator Fred Smith and Congressman John C. Hays will be present at the assault. The Terror will open at exhorting the rural voters to come up and be shot. From Hollywood there will be a twenty-five-minute run to Sherman. Swiftness will be demanded at 10:30, and at 11:30 there will be a demonstration in front of the bathhouse at San Manuel. At the time schedule is kept intact, Ocean Park will be reached at high noon; Playa Del Rey at 1:30 p.m.; Redondo at 1:35 p.m.; the Invasion of Redondo is slated to occur at 1:55; Gardena, 2:45; San Pedro, 3:30; Terminal, 4:10; Long Beach, 4:40; Compton, 5:20; and Whittier at 6:45 p.m.

In order that there may be no shortage of ammunition for the night demonstration in Whittier, two special trains, each carrying a full complement of half a car of cartridges will be shipped direct to that village from Los Angeles. The Terror expects to reach the Whittier demonstration one of the most notable of the campaign.

For Good Government.

Fifty electors of Precinct 26 met last Tuesday evening at the Hinman, and organized a "Good Government" club. Walter J. Wren was recommended for the presidency, with Lyman Stewart for vice-president. The meeting followed by a discussion of the political situation and a half a car of cartridges will be shipped direct to that village from Los Angeles. The Terror expects to reach the Whittier demonstration one of the most notable of the campaign.

There and There.

The Ironquels marching club will attend a Democratic rally tonight in Alhambra Hall on Central Avenue. Street Superintendent Werdin last night gave an indignant denial to the story published in an evening paper to the effect that he considered withdrawing from the race for renomination.

At a well-attended meeting of Republicans of the Thirty-seventh Precinct, Fourth Ward, the following nine property owners and old-time residents of the precinct were elected delegates to the Republican convention: Ed Lloyd, M. A. Gould, J. S. S. Pittman, A. A. Strong, W. H. Gilbert, W. E. Thornton, W. M. Johnston, F. B. Elbertson, W. R. Ireland.

To Stop Railway One Day.

Happiness that will come to Miss Maria Blinn when she becomes Mrs. Fritz Schwartz is being brought to pointment to hundreds of tourists in Switzerland, for on that day the circular railway on the front lakes over which the Wartstein Mountains will be closed to the public.

This remarkable little road, which has surprised so many by its up and down and roundabout way, and which is used by about 600 people daily, is owned by relatives of the bride, who have determined that the wedding festivities shall not be intruded upon by any but invited guests.

Two years ago the couple met at another wedding in the house far up on the mountain side, and at once fell in love with each other, so that this will be the beginning of the second chapter of a mountain romance.

There is something very romantic in the idea of the hill on which they fell in love, and at once fell in love with each other, so that this will be the beginning of the second chapter of a mountain romance.

War in Winter Time.

Many great battles have been fought in the snow. Erwin and Hohenlinden were fought in the snow. Napoleon's army was fought in the snow. The Russian losses were increased and the Russian losses were increased.

RELIGIOUS.

TO DEDICATE FINE CHURCH.

Notable Stride in Catholic Expansion.

Winter Evening Socials for the Y. M. C. A.

Sunday-school Workers Will be Installed.

The beautiful new Church of the Blessed Sacrament, at Prospect avenue and Eulalie street, Hollywood, will be dedicated tomorrow. It is expected the services will attract Catholics from all the parishes of Los Angeles and many outside points.

A delegation of the Knights of Columbus will escort Bishop Conaty from Los Angeles to the parochial residence in Hollywood, leaving the Cathedral residence at 9 o'clock, and going out in a special motorcade. At Hollywood the procession will be formed at the parochial residence, and will march to the new church.

Bishop Conaty will be preceded in the march by crucifers and torch bearers, and twenty acolytes in soutanes of red, with white lace surplices. These will be followed by the officers of the mass and the visiting clergy. It is expected a large number of priests will be in attendance.

During the entrance of the procession to the edifice the full choir and orchestra of the Church of the Sacred Heart, East Los Angeles, will render the hymn "Vivat Episcopus," arranged by Rev. D. W. J. Murphy, the pastor of the church, and dedicated to Bishop Conaty.

The dedicatory ceremonies will be conducted by the bishop, and at their conclusion he will preach a sermon on "The Blessed Sacrament." The East side choir will render Haydn's "Imperial Mass," and about twenty women converts of the mission, W. E. McVay will preside, and Mr. Trotter will talk of the subject of the mission.

In the evening the Salvation Army will conduct a service in Immanuel Church, which will be addressed by Adj. Russell.

Superintendent Trotter and his band of converts will hold forth on Sunday evening in Grand view street, Hollywood. Twenty-third street and Vermont avenue, Rev. A. G. Fessenden, pastor, will conduct the service.

The regular service at the Rescue Mission, No. 146 North Main street, on Sunday evening will be conducted by Benjamin F. Pearson, general superintendent of the Rescue Mission, and Rev. William H. Walker will speak.

RELIGIOUS NOTES.

Rev. Howard W. Pope of the Northfield Extension movement, assisted by W. F. Newton, will deliver a series of evangelistic meetings in the Central-avenue Congregational Church on Sunday, October 2.

The "Wall-Rouser" window at the Church of the Sacred Heart, East Los Angeles, will be the subject upon which Rev. H. W. Crabbe will talk to men at the Y. M. C. Hall, Sixth and Hill streets, Saturday afternoon at 2 o'clock. The male quartet will furnish music for the service, and during the hour preceding the association orchestra will render some choice music.

The annual meeting of the Indo-American W. L. G. will be held in the Christian Church on North Broadway at 2:30 o'clock on Tuesday afternoon. The sole object of the league is to work for the abolition of the marriage in India.

Rev. Levi D. Barr, pastor of the Friends Church, has returned from his vacation and will occupy his pulpit tomorrow. He was the lone champion of Rufus Jones, who is now in America to work for the abolition of the marriage in India.

The altar to the Sacred Heart is presented by Miss Mary MacCaffray, and the statue of the Sacred Heart is the gift of Mrs. J. P. Zeno of Los Angeles. The altar is the gift of the Belgian Vice-Consul for Los Angeles. The altar to the Blessed Virgin is presented by Mrs. J. P. Zeno, while Rev. M. McAuliffe, pastor of the Church of the Sacred Heart, is the donor of the statue of the Queen of the Rosary.

A handsome pulpit of weathered oak and wrought iron, according with the style of the church, is the gift of Mrs. M. E. MacFadden in memory of her husband. Green velvet carpet for the chancel and the aisles is the gift of Mrs. J. P. Zeno. A Norman design is the candelabrum, with six large altar candlesticks, is the gift of Mrs. J. P. Zeno. The altar is the gift of the Belgian Vice-Consul for Los Angeles. The altar to the Blessed Virgin is presented by Mrs. J. P. Zeno, while Rev. M. McAuliffe, pastor of the Church of the Sacred Heart, is the donor of the statue of the Queen of the Rosary.

The lighting of the new church is a special feature, and creates a brilliant effect. There are ten large globes in wrought-iron frames, and twenty lights surround the high altar. Over the choir are two glass crosses holding branches of electric lights.

AFTER YOUNG FOLKS.

During the long winter evenings it is the purpose of the Young Men's Christian Association to bring about a more general commingling of the young people of the city, so far as lies in its power. A social will be held each month in the association rooms, under the auspices of the young people of some one of the churches of the city. Of course, the only way to make them come is to make the socials interesting for all the young folks of all the churches to attend all the socials. If only those of the entertaining society attend on the evening when they are to be held, it will degenerate into a mere special meeting of the young people of a given church.

The secretary Cleaver and his efficient assistants present a most profitable and interesting social, and they are found in the accomplishment of good by means of these socials, and they should be taken up with vigor and interest. The first of the series will be held tonight, when the invitation is extended to the Y. M. C. A. host. The athletic department will furnish a gymnasium program.

INSTALLATION CEREMONY.

Installation of the officers and teachers of the First Methodist Sunday-school will take place at the regular

There is no substitute

hour of the church service tomorrow morning. Dr. Robert McIntire will be master of ceremonies and will preach a sermon to the body-elect, which, of itself, means a fair congregation. There being a total of 117 to receive the installation honors.

At the close of the ceremonies a class of five will be graduated from the normal department and will receive diplomas signed by the pastor, the superintendent of the Sunday-school and the superintendent of the Normal department. The graduates are Mrs. Abbie Macanahan, Miss Helen E. Ward, Miss Clara Hager, Miss Mary Davis and Victor B. Anderson.

Miss Davis is a student in Oxford University, England. She has passed the necessary examination before going abroad. She is also a teacher in the public schools of the city. Her leave of absence in order that she might gratify her desire to take a post-graduate course in England.

IMMANUEL PRESBYTERIAN CHURCH will be the gathering place of a host of Bible students on Thursday, Friday and Saturday of next week. A Bible conference will be conducted during the three days named, by Rev. Dr. J. M. Gray of Boston, who will likely be assisted by Dr. McIntire of Philadelphia and Dr. Wilson of New York. The men are known far and near as among the ablest living exponents of the Scriptures, and persons interested in the subject have a right to expect a series of instructive meetings far above the ordinary.

Dr. Hugh K. Walker and Dr. L. J. Adams of Immanuel Presbyterian Church are attending the meeting of synod in the northern part of the State. The service will be held in the church under the leadership of Will C. Trotter, superintendent of the Union Rescue Mission, assisted by about twenty women converts of the mission, W. E. McVay will preside, and Mr. Trotter will talk of the subject of the mission.

In the evening the Salvation Army will conduct a service in Immanuel Church, which will be addressed by Adj. Russell.

Superintendent Trotter and his band of converts will hold forth on Sunday evening in Grand view street, Hollywood. Twenty-third street and Vermont avenue, Rev. A. G. Fessenden, pastor, will conduct the service.

The regular service at the Rescue Mission, No. 146 North Main street, on Sunday evening will be conducted by Benjamin F. Pearson, general superintendent of the Rescue Mission, and Rev. William H. Walker will speak.

RELIGIOUS NOTES.

Rev. Howard W. Pope of the Northfield Extension movement, assisted by W. F. Newton, will deliver a series of evangelistic meetings in the Central-avenue Congregational Church on Sunday, October 2.

The "Wall-Rouser" window at the Church of the Sacred Heart, East Los Angeles, will be the subject upon which Rev. H. W. Crabbe will talk to men at the Y. M. C. Hall, Sixth and Hill streets, Saturday afternoon at 2 o'clock. The male quartet will furnish music for the service, and during the hour preceding the association orchestra will render some choice music.

The annual meeting of the Indo-American W. L. G. will be held in the Christian Church on North Broadway at 2:30 o'clock on Tuesday afternoon. The sole object of the league is to work for the abolition of the marriage in India.

Rev. Levi D. Barr, pastor of the Friends Church, has returned from his vacation and will occupy his pulpit tomorrow. He was the lone champion of Rufus Jones, who is now in America to work for the abolition of the marriage in India.

The altar to the Sacred Heart is presented by Miss Mary MacCaffray, and the statue of the Sacred Heart is the gift of Mrs. J. P. Zeno of Los Angeles. The altar is the gift of the Belgian Vice-Consul for Los Angeles. The altar to the Blessed Virgin is presented by Mrs. J. P. Zeno, while Rev. M. McAuliffe, pastor of the Church of the Sacred Heart, is the donor of the statue of the Queen of the Rosary.

A handsome pulpit of weathered oak and wrought iron, according with the style of the church, is the gift of Mrs. M. E. MacFadden in memory of her husband. Green velvet carpet for the chancel and the aisles is the gift of Mrs. J. P. Zeno. A Norman design is the candelabrum, with six large altar candlesticks, is the gift of Mrs. J. P. Zeno. The altar is the gift of the Belgian Vice-Consul for Los Angeles. The altar to the Blessed Virgin is presented by Mrs. J. P. Zeno, while Rev. M. McAuliffe, pastor of the Church of the Sacred Heart, is the donor of the statue of the Queen of the Rosary.

The lighting of the new church is a special feature, and creates a brilliant effect. There are ten large globes in wrought-iron frames, and twenty lights surround the high altar. Over the choir are two glass crosses holding branches of electric lights.

AFTER YOUNG FOLKS.

During the long winter evenings it is the purpose of the Young Men's Christian Association to bring about a more general commingling of the young people of the city, so far as lies in its power. A social will be held each month in the association rooms, under the auspices of the young people of some one of the churches of the city. Of course, the only way to make them come is to make the socials interesting for all the young folks of all the churches to attend all the socials. If only those of the entertaining society attend on the evening when they are to be held, it will degenerate into a mere special meeting of the young people of a given church.

The secretary Cleaver and his efficient assistants present a most profitable and interesting social, and they are found in the accomplishment of good by means of these socials, and they should be taken up with vigor and interest. The first of the series will be held tonight, when the invitation is extended to the Y. M. C. A. host. The athletic department will furnish a gymnasium program.

Fourth and Broadway

2nd Day of Diamond Jubilee

Yesterday, the beginning of our First Anniversary Celebration, a pleasant surprise to us. The fact that we offered diamond sets at a cost attracted many, but we hardly expected such heavy business.

was accorded our announcements. Some of the finest of the sets are still here because even the wholesale price of the best of more than some people could afford to pay. Quite a number of medium priced stones are here too, for those who wish to celebrate today. This is your last chance to get pure, white, actual wholesale prices, which now range from \$5.00 to \$10.00.

Sterling Silver Tea Set \$80

Under any circumstances but our First Anniversary Celebration, we would offering these handsome sets at a price like this—just what we have to pay for the goods ourselves. The set contains 5 pieces—tea pot, coffee cream pitcher and waste bowl. The design is handsome and is a true work made of the finest sterling silver used for tableware.

We are also offering many other pieces of high grade silverware, including berry bowls, nut bowls, salad bowls, bread trays, coffee sets at actual cost to us. Help yourself by helping us celebrate.

Anniversary Clocks at \$10

These marvelous clocks will run 400 days with one winding. The works are made of heavy gold and enclosed in a glass dome. The clock is novel and attractive in appearance and a perfect time-keeper. Many jewelers sold this clock at \$20, just a year ago, but since we came we made a price of \$12.50, which has been reduced to only \$10.00 for the First Anniversary celebration.

Fine Park Clocks at \$10

Unique in design, rich in material, perfect time-keeper, this very desirable clock is a very desirable clock. The frame is of polished gold and the sides and back are made of the finest edge plate glass, which shows the clock has a movement of 400 days.

WALK-OVER SHOES

"When Walk-Overs go on, Troubles go off"

SPECIALLY TREATED SOLES

Specialty Treated Soles

You never have to "break in" Walk-over shoes. The soles are treated by a special process which makes them at once pliable and soft, yet adds to their tenacity and wearing quality. A feature possessed by no other shoe.

RAECFUL shapes and foot-form lasts, soles that are pliable yet wear-resisting, strongly sewed seams and carefully finished edges, fast color eyelets, smooth insoles and linings without wrinkles—these and many other points of superiority raise the Walk-Over head and shoulders above any other \$3.50 shoe on the market. Walk-Overs always fit right, look right, are right. New Fall styles for men and women made in 68 shapes and 250 foot-forms, of every kind of leather. One price \$3.50 a pair.

Write for Booklet showing Fall styles. Send free Mail orders promptly and satisfactorily filled. Walk-Overs are \$3.75 by express, charges prepaid.

F. F. WRIGHT & SON, (Inc.)

Proprietors

Walk-Overs fit the hard-to-fit"

ment in home industries and likewise in foreign countries. Indeed, he is known on several of the European money markets, notably on that of Paris as an exceedingly enterprising capitalist, and likewise as ready to participate in big deals and financial operations. In many of these he has been associated with his brother, King George of Greece, who owes the foundations of his now large fortune in a great measure to the co-operation and advice of the late General Meredith Read, who for several years represented the United States as Minister at Athens. It is the general who is understood to have prompted the King to undertake those operations in American grain in 1878 and 1877 which the closing of Odessa and other seaports of Southern Russia to the export of grain, owing to the war with Turkey, rendered so extremely profitable.

A Post of Rattlesnakes.

From all parts of the mountains and deserts come reports of an unusual number of rattlesnakes. Billy Moore, who lately came down from the ranch near Mt. Reno, says that in the several years he had occupied the ranch he had never seen so many snakes as there now are in that vicinity. Most of them have made their appearance since the summer rains and they are found mostly about water holes. On his way to Phoenix he killed five, three at one place and the other two some miles away. The snakes are for the most part large ones and many of them must have been in hiding for years. A few days before he left home his son killed two which he found near a watering place. Both were of enormous size, one of them having eighteen rattles. There are no reports of men or stock having been bitten, though there have been some narrow escapes.

along educational lines. Among them the backward schools of Philadelphia and New York; the plan recently adopted by the Los Angeles High School of having maidens investigated and punished by a committee of the students; the new school of liberal theology at Oakland, and the meeting of the Unitarian Club in San Francisco that was addressed by several fine speakers on educational topics.

The Committee on Non-Political News took up the subjects of lynchings in the South, the Peace Congress and the causes of railroad wrecks.

The topics treated of under science and invention included the removing of algae from the reservoirs with copper sulphate; proof that brain structures are inherited; electricity used in prospecting for gold; Enke's comet, and a new pottery that does not crack when subjected to heat. At the next meeting talks are to be given on local artists and writers, and political views will be discussed.

AMBITIONS OF ANIMAL SAVERS.

NOTHING TOO GOOD FOR HORSES OF ANGEL CITY.

Farm and Hospital Called for—Immense Amount of Work Done With Limited Means, and More Mapped Out—Plans for Benefit at the Mason-Modjeska Will Assist.

Public attention has been attracted by the reports of officers of the Society for the Prevention of Cruelty to Animals, showing the magnitude of the work that is being done for suffering brute creation.

It costs money. A lot of people never thought of that before.

They have thought it cost only the curses that brutal drivers of suffering horses hurl at officers who have the courage to interfere in behalf of a dumb brute.

The purpose of the society is threefold. It is designed to prevent the infliction of needless suffering upon animals; to educate the ignorant and to punish the wilfully cruel. The good the society has accomplished can never be told, and in the matter of humane education it is probable that many a viciously inclined boy has developed into a good citizen through its influence.

Here in this city of wealth, where the cases relieved have been running 200 and 300 a month, the society finds its agents greatly overworked and its usefulness limited because of lack of funds.

It needs more officers in the field and wants to circulate more literature among children and among men who have charge of animals, but there is a wider scope to the aims of the society. Its laudable ambition craves for the best engine equipment for this humane work equal to that of any other city in the land.

It wants a home for horses, such as the Red Acre Farm near Boston, which was the gift of a young lady. There the overworked horse of the poor man can rest and recuperate while he waits one loaned to him by the society; and where the pet horse may find a home as long as he lives.

It wants a hospital where sick and wounded horses may be treated; an ambulance for removing them from the streets, and a derrick for lifting them from holes into which they may have fallen.

It wants a rescue home for all small animals, and possession of the dog pound. The officers ask for assistance in membership fees, donations, and bequests in order that these objects may be attained.

The directors of the local society are Dr. W. A. Lamb, president; H. C. Wyatt, vice-president; Frank B. Long, secretary; John M. Dever, Elizabeth M. Millard, directors; Elizabeth Muller, secretary; N. W. Zimmer, superintendent.

They are now planning a benefit entertainment at Mason Opera-house for the first week in December, in which Miss Modjeska and other famous artists and competent local talent will take part.

THE BOSTON DRY GOODS STORE

239 South Broadway, Opposite City Hall, Los Angeles

We have decided to again offer some reductions on a large line of Misses' and Children's Coats, Jackets and Reefers. Such an opportunity to buy a good garment at such a reduction will not be had again for some time to come.

Misses' and Children's Jackets, Coats and Reefers

These garments are all well made and are all in good styles. We have more of them than we can handle at present, and we offer this special sale to reduce our stock.

\$6.50 Garments \$1.95

The first lot is composed of garments for ages from 2 to 6 years. They are made of Melton, Ladies' Cloth and are trimmed with fancy braids. We show them in colors of navy, red, castor and brown. These garments sold regularly at prices ranging up to \$6.50 each, but you may choose from them Saturday at \$1.95 each.

\$10.00 Garments \$2.95

Misses' jackets and coats for ages from 8 to 10 years. Made of fine Melton cloth, kersey and heather mixtures. These are garments that sold regularly at prices ranging as high as \$10.00 each. You may choose from them Saturday morning at \$2.95 each.

We have a line of children's silk capes, which we will also place on special sale Saturday morning. They are neatly trimmed with chiffon ruching and tucks. We offer them at exactly half price.

ENGRAVED TUMBLERS

\$1.00 per Doz.

We are offering three special in light blown engraved tumblers for the next 10 days. They are specially designed in design and well worth \$1.50 dozen.

Notice of Street Work
Public notice is hereby given that, on Tuesday, the 29th day of September, A.D. 1964, the Council of the City of Los Angeles, 4th, at its meeting on said day, adopt an Ordinance of Intention, numbered 9641 (New Series), to have the following work done, to wit:

1st. That said

CENTENNIAL STREET

said City from the south line of Temple Street to the north line of the Court, including all intersections of said streets (excepting such portions of said street and intersections as are required by law to be kept in the order of travel of any person or company having railroad tracks thereon) and also excepting such portions as have already been graded and graveled and accepted, be graded and graveled to the official grade in grade as shown on the map of said street, to be

of the City Engineer and specifications for the same, and that the same is in the City of Los Angeles on file in the office of the City Clerk of said City, said specifications are hereby adopted by the City Council, pursuant to Ordinance No. 821 (New Series), and the same shall be constructed along each line of the roadway of said Center Street from the intersection of said Center Street with the north curb line of the North Course of the Los Angeles River to the line of said roadway upon which a cement or granite curb has already been constructed, and the same shall be constructed in accordance with specifications for constructing the same as set forth in the City Engineer's said specifications being No. 1 (New Series), and the same shall be constructed along each line of said roadway upon which a cement sidewalk has already been constructed, and the same shall be constructed along each side of said Center Street from the south curb line of said Center Street to the north curb line of North Course (excepting such portions of said Center Street as are already paved with cement or asphalt sidewalks five (5) feet wide on each side of said Center Street and the same grade), said sidewalks to be constructed in accordance with the specifications for constructing cement sidewalks on file in the office of the City Clerk of said City, said sidewalks to be constructed in accordance with and adopted by Ordinance No. 812 (New Series), and the same shall be constructed along each line of the roadway of

Said gutters shall be three and one-half feet in width, minimum, at intersections

streets, where said gutters shall be seven (7) feet in width; and said gutters shall be constructed in accordance with the plans and profile therefor on file in the office of the City Engineer, and in accordance with specifications for the construction of cobble-paved gutters on file in the office of the City Clerk, said specifications being No. 2 (New Series), and adopted by Ordinance No. 8532 (New Series.)

Sec. 2. That said contemplated work of improvement is to be the making of said concrete gutter.

Of more than low rank of men public
ness, and they hereby declare that the ex-
terior boundaries of the district to be ben-
efited by said improvement and to be assessed
to pay the cost and expense of said improve-
ment shall be as follows:

Beginning at the most northerly corner of
lot 1, block 21, of the Park Tract, as per
map of said tract recorded in Book 7, pages
5 and 27, Miscellaneous Records of Los An-
geles County; thence southwesterly in a di-
rect line to the most northerly corner of said

1: thence northwesterly in a direct line to the most westerly corner of lot 3 of said block 21; thence southwesterly in a direct line to the most easterly corner of lot 22 of said block 21; thence northwesterly in a direct line to the most northerly corner of said lot 22; thence southwesterly in a direct line to the most easterly corner of said lot 2; thence northwesterly in a direct line to the most northerly corner of lot 1 of block 23, of said Park Tract; thence southwesterly

the most westerly corner of lot of said block 18; thence south-
easterly in a direct line to the most north-
easterly corner of lot 26 of block 18 of said
Park Tract; thence southwesterly in a direct
line to the most westerly corner of said lot
18; thence southeasterly in a direct line to
the most southerly corner of lot 26 of said
block 18; thence northeasterly in a direct line
to the most easterly corner of lot 26 of said
block 18; thence southeasterly in a direct
line to the most southerly corner of lot 26 of said
block 18; thence southwesterly in a direct line

the most easterly corner of lot 1 is of block
of said Park Tr; thence northwesterly
a direct line to the most southerly corner
of lot 3 of said block 22; thence northwesterly
a direct line to the most easterly corner
of said lot 7; thence northwesterly in a

direct line to the most southerly corner of lot
of said block 23; thence northwesterly in a

direct line to the most easterly corner of said lot 7; thence most westerly in a direct line to the point of beginning.
Excepting therefrom any portion of any public street or alley which may be included within the above described district.
Reference is hereby made to said Ordinance of Intention for further particulars.
W. R. WERDIN,
Street Superintendent.
By C. ROY McKEON, Deputy. 10-17-22

Notice of Street Work.
Public notice is hereby given that on Tuesday, the 20th day of September, A.D. 1904, the Council of the City of Los Angeles, did, at its meeting on said day, adopt an Ordinance of intention, numbered 992 (New Series), to have the following work done, to wit:
1st. That
AVENUE THIRTY-FIVE
be laid out from the easterly line of Pasadena avenue to the westerly line of Griffin avenue, including all its extensions of streets

accepting such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also accepting such portions as have already been graded and graveled and accepted, be graded and graveled in accordance with the plans and profile on file in the office of the City Engineer and specifications for the construction of graveled streets in the City of Los Angeles on file in the office of the City Clerk of a 1941 city, said specifications being No. 18 (New

2nd. That a cement curb be constructed along each line of the roadway of said Avenue Thirty-five from the easterly curb line of Pasadena avenue to the westerly curb line of Griffin avenue (excepting along such portions of the line of said roadway upon which a cement or granite curb has already been constructed to the official line and grade.) in accordance with specifications for constructing cement curbs, on file in the office of the City

2d. That a cement sidewalk five (5) feet in width be constructed along each side of said Avenue Thirty-five from the easterly curb line of Pasadena avenue to the westerly curb line of Griffin avenue (excepting such portions of said street between said points along which a cement or asphalt sidewalk five (5) feet in width has been constructed to the official line and grade,) said sidewalk to be

constructed in accordance with specifications for constructing concrete sidewalks on file in the office of the City Clerk of said city, said specifications being No. 2 (New Series) and adopted by Ordinance No. 325 (New Series).

4th. That a cobble-paved gutter be constructed along each side of said Avenue Thirty-five from the easterly line of Pasadena Avenue to the westerly line of Griffin Avenue.

Said gutters shall be three and one-half (3 1/2) feet in width excepting at intersections of streets, where said gutters shall be seven (7)

set in width; and said gutters shall be constructed in accordance with the plans and profile thereon on file in the office of the City Engineer, and in accordance with specifications for the construction of cobble paved gutters on file in the office of the City Clerk, said specifications being No. 1 (New Series) and adopted by Ordinance No. 8577 (New Series.)

tion of said street, including the cost of interest thereon, and it is determined in pursuance of an act of the Legislature of the State of California, approved February 27th, 1895, as amended by an act of the Legislature amending said last named act, which amending act became a law March 2nd, 1895, that the bonds shall be issued to represent the cost of said improvement. Said bonds shall be serial, extending over a period of ten years, an even proportion of the principal sum of which shall be payable annually, on the second day of

January of each Year by coupon, after their date until the whole are paid, and to bear interest at the rate of seven (7) per cent per annum, payable semi-annually on the second days of January and July of each and every year.

Reference is hereby made to said Ordinance of Intention for further particulars.

MINES AND MINING.

TROUBLE NOW APPEARS OVER.

BISBEE AND LOS ANGELES MEN FIGHT UP DIFFICULTY.

Arizona Stockholders Agree to Sale of South Bisbee Mining Company's Stock to Pittsburgh Bidders, and Will Net Good Bonus—Budget of Mining News.

BISBEE (Ariz.) Oct. 20.—As a result of secret negotiations conducted in Bisbee for the past week, it looks as though the trouble between the Bisbee and Los Angeles elements in the South Bisbee Mining Company had been practically brought to an end. The only matter left in dispute is the sale of the company's stock to Pittsburgh Bidders, and will net good bonus—Budget of Mining News.

All along it has been understood that the sale of the property to the Pittsburgh and Duluth Development Company was a matter of time. The block of Pittsburgh stock to the Los Angeles element, which has been in the hands of the Los Angeles element for some time, has been sold to the Pittsburgh and Duluth Development Company. The sale of the property to the Pittsburgh and Duluth Development Company was a matter of time. The block of Pittsburgh stock to the Los Angeles element, which has been in the hands of the Los Angeles element for some time, has been sold to the Pittsburgh and Duluth Development Company.

Thomas Higgins and F. C. Penner of Los Angeles are in Bisbee, to meet the representatives of the Pittsburgh and Duluth Development Company. The sale of the property to the Pittsburgh and Duluth Development Company was a matter of time. The block of Pittsburgh stock to the Los Angeles element, which has been in the hands of the Los Angeles element for some time, has been sold to the Pittsburgh and Duluth Development Company.

Additional borings made on the Junction shaft have shown that the ore body struck is far from being a mere pocket. It is believed that one of the best bodies of ore in the camp has been struck. A large body of good copper ore has been struck. A large body of good copper ore has been struck.

A new and rich find of copper ore has been made on the 1250-foot level of the Calumet and Arizona Company's property. A new and rich find of copper ore has been made on the 1250-foot level of the Calumet and Arizona Company's property.

A late report that a forty-foot body of 50 per cent. copper ore has been struck by the 1000-foot tunnel of the Houghton Development Company. A late report that a forty-foot body of 50 per cent. copper ore has been struck by the 1000-foot tunnel of the Houghton Development Company.

It is rumored that the stockholders of the Bisbee Copper Company have decided to sell the property to the Pittsburgh and Duluth Development Company. It is rumored that the stockholders of the Bisbee Copper Company have decided to sell the property to the Pittsburgh and Duluth Development Company.

The Red Jacket and Bisbee Development Company is reported to have abandoned work on the tunnel. The Red Jacket and Bisbee Development Company is reported to have abandoned work on the tunnel.

The Copper Queen Company is having its property completely surveyed and will get its surface holdings in the best possible shape, to be in readiness for receiving deeds under the townsite patent.

A fine stamp mill has been purchased by the Gold Nugget Mining Company for its property in Apache Pass, near Bowie Station. A fine stamp mill has been purchased by the Gold Nugget Mining Company for its property in Apache Pass, near Bowie Station.

Another mill is to be erected by T. J. Quillin on an extension of the Gold Nugget lode, where a body of 500 gold ore has been developed.

An extension of eight months has been secured for the payment of \$100,000 due from the Mitchell Development Company on sixty-four claims located in the Huachuca Mountains. An extension of eight months has been secured for the payment of \$100,000 due from the Mitchell Development Company on sixty-four claims located in the Huachuca Mountains.

A new mining district has been discovered by Al Brockman, Charles Strong, just north of the Arizona line, almost in the extreme southeastern corner of the Territory. The Most Reasonable Treatment.

Results You Can See Which Are Convincing of True Merit.

Functional Decline Loss of Strength Never Cured by Gusswork

When the true cause and conditions are ascertained by a thorough and searching examination, the foundation of a cure is laid. I claim this is the only way to get results that will be satisfactory and to successfully treat chronic diseases which cause functional decline. My personal treatment restores functional order in these organs which are weak and incapable of performing their work in a normal way.

Contracted Diseases, Stricture My treatment for these conditions cures in one-half the time required by others. I put at the disposal of my patients the most modern, most effective and most reliable treatment. My treatment is the most effective and most reliable treatment. My treatment is the most effective and most reliable treatment.

Varicocele May be treated successfully for years. I effect a cure in 4 to 6 days by direct contact with the diseased area. I have cured many cases of varicocele. I have cured many cases of varicocele. I have cured many cases of varicocele.

DR. MORTON

Vital Weakness

Above all other things I strive to save the thousands of young and middle-aged men who are plunging toward the grave, tortured by the most of nervous debility. I have evolved a special treatment for Nervous Debility and special weakness that is uniformly successful in cases where success was before and by all other doctors deemed impossible. It does not stimulate temporarily, but restores permanently. It relieves the irritation of the diseased tissues surrounding the testis and unduly expanded glands, restoring them to their normal condition. It relieves the most distressing symptoms. It tones up and strengthens the blood vessels that carry nourishment, thereby restoring health and vitality. Men who have been suffering from this disease for years are now able to do their work and enjoy life.

I want all men who are suffering from any disease or special weakness to feel that they can come to my office freely for an examination of their condition. FREE OF CHARGE without being bound by any obligation whatever to take treatment unless they so desire. I cure.

YACHTING CUP TO THE WINNER.

LIPTON PRIZE PRESENTED TO DETROIT OF SAN DIEGO.

Protect Against Award Will be Contested Later—Union Thugger Leads to Arrest—Katherine Tingling's Dream of Gold—Fire First Threatened Escalade.

[BY DIRECT WIRE TO THE TIMES] SAN DIEGO, Oct. 21.—[Exclusive Dispatch.] The Lipton trophy, won by the Detroit, sailing under the flag of the San Diego Yacht Club, in the August regatta, was not properly claimed by the Corinthian Club this evening in the presence of representatives of the syndicate of owners of the winner and representatives of the yacht clubs of Southern California.

The syndicate of owners of the winner, represented by the Corinthian Club and Dr. F. R. Burnham, the San Diego Club. The latter was handed a protest from the South Coast Yacht Club of Los Angeles against having the trophy presented to the San Diego Club later on.

The protest is based on the fact that the trophy was not properly claimed by the Corinthian Club this evening in the presence of representatives of the syndicate of owners of the winner and representatives of the yacht clubs of Southern California.

Conrad Coblentz was arrested tonight charged with being one of the journeymen union bakers who assaulted John Rose, a well-known non-union baker, who came here from Los Angeles. Although severely punished, Coblentz is not expected to be put in a full day's work today.

The strikers make the extraordinary statement that they are able to prove alibis for each of their members. The master bakers have all the men they can work.

Encouraged by the success of getting several amendments election, after the election, the City Council, petitions are now in circulation asking for an amendment providing for the election of a City Attorney, Assessor, Treasurer and members of the Board of Public Works, by the people.

The scarcity of water is getting to be a serious problem. The High School is obliged to close today on account of it, while several other school buildings have been on short allowance.

Constructing Quartermaster Condon, U.S.A., has been ordered to make a concession for the erection of his spiral tower at Portland for next year's exhibition. The tower will be made of Oregon pine with metal supports, and will cost \$40,000. Passengers will be lifted to the roof garden by the spiral cars on an ingeniously-constructed endless cable.

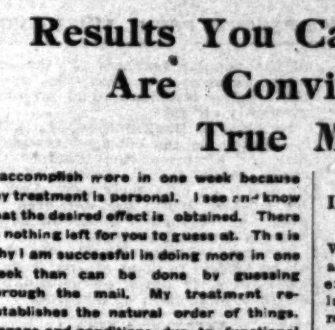

Katherine Tingling and others have filed claims on the beach at Point Loma, claiming to have discovered gold and indications of oil. Beach mining will be begun in the near future.

FIERCE BROTHER THREATENED. Katherine and others are sweeping the mountains and cañons in the vicinity of Escondido and are approaching the town from two sides. Great volumes of smoke rising from the hills south of Escondido indicate a terrific conflagration and cause much apprehension. It seems almost certain that Aliso Cañon has been swept by the flames.

PAUL JONES IS OFF. The torpedo-boat destroyer Paul Jones received busy orders to meet the Pacific squadron, which is supposed to have left Magdalena Bay where target practice has been going on for some time. The ship is known but believed to be with troubles at Panama. The boat took on an extra cargo of coal and provisions and steamed out at full speed last night.

Senator Smith, the Republican nominee for Congressman in the Eighth district, addressed a political rally at Imperial in the Commercial Hotel last night. Louis Farnsworth, president of the Assembly, nominated the speaker. The defense was charged with the result of trouble with Rosemeier's neighbors, who stated it to injure his character.

San Bernardino, Orange and Riverside Counties.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

BATTERS HEAD AGAINST BARS.

MAN, CRAZED BY LOVE, TRIES HORRIBLE SUICIDE.

Durbin Daley Knocks His Scalp Off in San Bernardino County Hospital—Much Gold Found in Ashes of Fire That Incinerated an Old Prospector.

SAN BERNARDINO, Oct. 21.—Durbin Daley, who for love of a pretty Los Angeles woman went insane and has been in the County Hospital several weeks, made a desperate attempt to beat his brains out against the bars of his cell this evening. He inflicted a terrible wound on his head, the scalp being torn off from a large space and destroyed. He presented a horrible sight when found by a nurse, the blood having streamed over his face and clothes. Daley is a wealthy eastern man, who has had a haunting fear that he would attempt his life ever since he received the news that the woman he was engaged to had married in the Klondike.

YOUNG THIEVES SENTENCED.
H. A. Shaw and Leon Kennedy, 15 and 15, respectively, who were arrested some days ago by the Plute Indian police below Parker for having stolen a boat and mining outfit from Needles, pleaded guilty this afternoon. Shaw, going to Folsom for two years, and his companion being committed to Whittier. Both boys confessed a long series of thefts through Nebraska, while coming West from their homes in Toledo, O. While in jail at Parker, a jealous Plute, who had been dismissed from the police service, passed them a file with which to saw their way out of jail and attack the guards. The District Attorney is preparing to proceed against the Indian.

GOLD IN HIS ASHES.
Coroner Pittman returned last night from Manvel, where he went early in the week to hold an inquest upon the remains of an old miner who, while asleep, rolled into his camp fire, being incinerated. The remains were found by prospectors, who carried the news to Manvel. On searching the ashes where the man's clothing had burned away, the Coroner found over \$100 in gold. The unfortunate was just returning from the Klondike, having been on the desert a number of weeks, and it is supposed he had made a strike and was coming in to record his locations. The Coroner had hardly stepped from the train when he received a telegram calling him to Needles to hold another inquest, but no particulars have been received.

BERDOOLETS.
L. E. Whitton, charged with murderous assault upon C. J. Barry, during a row in a saloon at Needles, was brought to the County Jail, where he was committed to answer to the Superior Court. Barry is now at Los Angeles in a critical condition from the effects of a knife wound in the breast, inflicted by Whitton.

J. L. Campbell went to Cajon Pass this morning with a crew of men to commence running a 400-foot tunnel for the Edison Power Company. The tunnel is to be used for water development in connection with the large power plant built by the company in the canyon.

The Mormon church for the district of Southern California will hold an annual conference in the local church Saturday. Mormons from various parts of the State will participate. The engagement is announced of Miss Edna Finney and Horatio, Commissioner Pease. The bride is one

TAX COLLECTOR UNDER FIRE.
"CORRUPT CONDUCT IN OFFICE" GRAND JURY'S CHARGE.

Edmund M. Burke of Santa Barbara is to be proceeded against for an alleged shortage, which he claims Was Due to a Clerical Error on His Books.

(BY THE ASSOCIATED PRESS—P.M.)
SANTA BARBARA, Oct. 21.—The grand jury this evening filed its final report, in which County Tax Collector Edmund M. Burke is charged with "willful and corrupt conduct in office." It further states that a written accusation has been filed against that official with the District Attorney, who has been instructed to proceed against him on account of an alleged shortage found in his accounts.

Several weeks ago, when it was necessary for the Tax Collector to make a final settlement with the Treasurer, there was an apparent shortage of about \$1000. Burke claimed the difference in the accounts was due to a clerical error in his books. His bondsmen made good the amount pending an investigation of the records, and the bondsmen's experts and those of the grand jury found no discrepancies except as to the sum of money paid over tax collections.

VENTURA.
MERCURY GOES HIGH.
(SPECIAL CORRESPONDENCE OF THE TIMES.)
VENTURA, Oct. 21.—The sweltering heat and dry weather in this section, which began on Monday, and which has broken all records, today sent the mercury up to 96 deg. There is great fear among the range men that the new fever which had started under favorable circumstances, will all be blasted and ruined. Indeed, on the south side of the hills the green feed is already withering rapidly. Slight mountain fires have occurred in various sections, and today some of the small cañons east of town are burning out. So far there has been no fire on the big reservation, as the rangers are on guard constantly.

NEWS LOCALS.
Henry Stiles, a pioneer of this city, died today in St. Helena, where he had gone some months ago for his health. Mr. Stiles was stricken with paralysis last night. The body will be brought here for burial, arriving tomorrow evening. Deceased was very wealthy and 96 years of age. He leaves a widow and two sons.

of the popular teachers of the city, while Pease is connected with one of the leading families and is prominent in county circles.
Receivers in Bankruptcy C. L. Allison has taken up the official investigation into the affairs of the defunct Coahuila Bank, and meeting creditors will be held early next week. So far Cashier Miller has not been apprehended, though it is known he was here as late as Tuesday.

REDLANDS.
REBEKAHS IN SCHOOL.
REDLANDS, Oct. 21.—The Rebekahs of this district are holding the annual School of Instruction here today, with a large attendance. There was a short session this morning, a long one this afternoon, and a banquet this evening.

The Republican campaign will open here Saturday evening with a rally in Armory Hall, the speakers to be Hon. S. C. Smith, candidate for Congress from this district, W. T. Leake, candidate for the State Senate, and Gen. Frank C. Prescott, who is up for reelection to the Assembly. A reception will be given in Elks' Hall from 3:30 to 5 o'clock. The San Bernardino Marching Club, the Soldiers' and Sailors' League of the Redlands county, and the Redlands Shotgun Brigade will form the escort in the evening parade.

ANAHEIM.
LANE'S RALLY.
ANAHEIM, Oct. 21.—Republicans of this end of the county will give the last rally of the campaign here Monday evening. The speakers will be Hon. C. J. Walker of Long Beach and Hon. Richard M. Metzger of this city. The local nominees for the Assembly and State Senator will be present. Oscar Lawler of Los Angeles will be the speaker of the evening. The Anaheim Marching club is to attend in full uniform. It is aimed to make this the largest rally ever held in this portion of the county.

A valuable mare has been stolen from Allison Brothers.
Lorrie Gates has returned from the Klondike.
Rev. W. H. Chapman has gone to San Francisco to attend to business.

SANTA ANA.
SANTA ANA, Oct. 21.—Oliver LeDoux, a hobo in the County Jail, is serving a fifty-day sentence for throwing a can of beer on Constable Rudlock of Foothill yesterday. The prisoner and two companions, George Brown and George Martin, were doing a heavy stunt at drinking beer at an evening session, when the officer came upon the scene. LeDoux did not see the object of going to jail when there was beer to drink, and invited Constable Rudlock to join the

PHILOSOPHY OF COLDS.
Hints Regarding One of the Most Dangerous Ailments that Afflicts Humanity.

(Chicago News.) According to the city health department, colds and the grip are more prevalent in Chicago than usual, and the department calls on the people to be on their guard against contracting these diseases.
A cold, which is more properly a fever produced by cold, is one of the most dangerous ailments that humanity has to grapple with. It comes somewhat mysteriously; it sometimes resists all sorts of treatment and when it cannot be checked it is apt to cause death as any other malady whatever. It leads to so many other diseases that it does not get credit for the damage it does, and still when the history of the illness of any man who dies is given it generally begins with a statement that he caught a cold, which he took cold. One of the most valuable secrets of health and longevity is the secret of how not to take cold.
Paradoxical as it may seem, a person may suffer a great deal from cold without catching cold. Indeed, as a class the people who suffer most from cold catch cold the least. Generally speaking, the people who catch cold are not the people who live out of doors, but the people who live in comfortable houses—not the people who are poorly clad, but the people who are comfortably clad. Soldiers, sailors, hunters, cab drivers and other people who live out of doors rarely have colds, coughs, rheumatism or consumption. The victims of these diseases are the people who wear lambs wool and chest protectors and who sit all day by steam coils in wind-proof houses.
The philosophy of taking cold is like one cause of burglary. If a man habitually leaves his front door unlocked it is only a matter of time when some thief will enter the house and loot. In like manner, if a person habitually leaves the pores of the skin open it will not be long before the cold will enter through the doorway and set up irritation. This is something the outdoor worker never does and the house dweller is doing all the time.
It seems to be necessary to catching cold that one part of the body should be colder than the rest of it. If a cold wind blows through a small opening in a window or door a person sitting in the house who is entirely comfortable it will chill a portion of the body and he will catch cold, while if the window or door were thrown wide open the wind allowed to rush in he might shiver or freeze, but he might not take cold. In a like manner a person who is comfortable in bed on a cold night and

happy circle. The officer gave a curt refusal and LeDoux retaliated by drenching him with the contents of the can. Brown got five days and Martin twenty.

FOOTBALL TODAY.
Redlands and the local High School will meet tomorrow afternoon at 2 o'clock at Athletic Park on East Sixth street in a struggle for football supremacy. Both teams have had good coaching this year and are about equal in weight. Santa Ana has won both games played, defeating Whittier 4 to 0 and Harvard Military Academy by the same score. Redlands has defeated the Los Angeles Commercial High School 11 to 5. The line-up will be:
Santa Ana. Phillips, C. Brown, Von Schlitz, W. Collins, Hilliard, Skiles, E. Collins (c), R. Spurgeon, Robinson, Yates.
Redlands. J. Brown, Wallis, Bissell, L. T. Stephenson, L. Brown, Yamell, L. E. Gould, L. H. Burke, Rush, Hoffman (c).

IN FEW LINES.
Dr. L. B. Metcalf of this city, C. C. Chapman of Placentia and A. D. Bishop of Orange will leave tomorrow for Berkeley to attend the first State convention of farmers' clubs. The Orange county delegates represent the Santa Ana and Fullerton clubs.
Mrs. Loesar Frink, aged 92 years, 6 months and 16 days, died last night at her home, No. 329 G. street. The funeral will be held tomorrow at 10 o'clock at the residence.
George McClary of Wintersburg and Miss Martin of Garden Grove were married yesterday noon at the home of the bride's parents. They will spend their honeymoon in San Diego.

ORANGE.
CITRUS CHARGE.
ORANGE, Oct. 21.—Hassan Bros. of Los Angeles, have purchased from Porter Bros. the packing-house and equipment at McPherson, paying \$2500. The new owners will begin operations next week, picking lemons, and expect to handle the bulk of the coming crop, as well as many oranges.
Wednesday afternoon, at the home of the groom's parents, Miss Ida Cotton, was married to Charles L. Breeding by Rev. Johnson of Anaheim. The floral decorations were simple but effective, consisting of roses and smilax. The wedding was attended only by the immediate relatives and came as a complete surprise to friends. The bride and groom were from Kansas City, and the groom's former home was at Bishop, Iowa county. Mr. and Mrs. Breeding will make their home a mile and a half north of town.

FULLERTON.
FIRE NEAR OIL FIELD.
FULLERTON, Oct. 21.—A fire broke out in the hills near the Oilfield, about this afternoon and spread rapidly toward the south. It soon reached the cottage and barn of Mr. Tibbitts and both were destroyed. A horse in the stable was burned to death. A fuel tank containing 100 barrels of oil was burned. No person was injured.

INDIO.
CHILD'S AGONY.
INDIO, Oct. 21.—Shrieking agony and unable to escape her to the corner, the ten-year-old daughter of Simon Garcia ran from the house, all alone. The child's clothing caught fire from an open stove and she was so terrified that she could not recover. Her suffering is pitiable.

whose shoulders or limbs get under the covers and become chilled in cool for the attack of rheumatism, though if he were out of doors and walking in the snow in his pajamas he might not take cold.
Chicago people are more apt to take cold than people elsewhere on account of the lake, the moisture from which, when it comes ashore, aggravates the heat of summer and the cold of winter. There is nothing more deadly than our northeast wind if it is not feared against, but nothing more refreshing to the man who has not cooled himself with warm baths and fannels.

Kills Fifteen Rattlers.
While on the way to town from his place in Hess township one morning, Newt Carver encountered a "catch of rattlesnakes, and undulating one of his tugs from his harness and proceeded to clean them out.
When he found that he had killed fifteen rattlers, one only escaped. Two of them measured over three feet in length and the balance of them were about eighteen inches long with three rattles each. Newt says they put up a great fight and he had his hands full to do up the lot. He also killed two bull snakes before he got down. Newt is a strict prohibitionist and is sure that it is feared by everybody, so that his story will be readily believed.—(Chimarron Jackson.)

SAVED HIS LIFE.
Mongoose Fights Desperate Battle With Cobra in an Indian Bungalow.

(Pearson's Weekly.) One sultry afternoon a gentleman who was staying in India was lying in a hammock awning on the veranda of his bungalow. He was whiling away the time eating fruit and biscuits, when all at once he saw a little sharp-nosed, bright-eyed creature all covered with smooth fur and looking something like a squirrel, come creeping slyly along the floor. He threw a bit of banana, which at first startled it, and it acted as though it was going to run, but pretty soon it seemed to him, bitter of it, and turned back and snapped up the morsel. The gentleman grew interested and gave it some biscuit crumbs, which it ate, by degrees becoming more familiar and inclined to make friends. Just then some one approached and the creature ran away.

Then the gentleman was taken very ill with a fever, and one day when he was just beginning to recover he sent his servant away and composed himself to take a nap. Just as he was about to doze off into dreamland he saw a horrible sight. Describing it, he says: "Creeping into the room from the veranda, coll after coll, was a huge hooded cobra, the deadliest snake in all India, more than seven feet long, and as thick as a man's arm. For a moment I was fairly dumb with horror, and then, although I knew it was no use, I instinctively called for help, but my voice was so weak that it couldn't even have been heard in the next room.

"On came the cobra, and again I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when I heard a skiff if they fell across the floor, and I saw my squirrel-rat friend, little more than a speck, but as it came it leaped at the cobra's head, and blowing out its head, as it does when it is much mistreated, it had already got to the foot of the bed, and was just preparing to crawl up when Continuation of Our Clothing Sale of Men's Fall and Winter Clothing; \$17.50, \$20 and \$22.50 Stylish Suits at \$12.50

This is the most extraordinary clothing sale ever held in Los Angeles, for every one of these garments is strictly new, correct in style, and the product of one of the very best factories in the United States, and every garment was made up for fall and winter selling but were the over-production of this factory, and as it was time to begin making up next spring and summer garments, our Mr. D. A. Hamburger, of New York, made an offer for the entire assortment of one thousand suits and secured them at a generous price concession that enables us to put them before the Los Angeles public at about the actual cost of the material alone. They are single or double breasted sack style lined with silk and wool serge; some have satin sleeve linings; all unbreakable fronts and are in broad shoulder effect and slashed backs. They consist of fancy serges, velours, chevrons and tweeds; also plain blue and black chevrons, serges and Oxford Viennas. They are in sizes 34 to 44 for stouts, slims and regulars. They are offered at, choice..... **\$12.50**

Millinery—Exclusive Styles At Lowest Prices

The millinery made in our own workrooms can not be duplicated in either style or quality at within fifty per cent. of our prices. There is an individuality to every hat we turn out while many of them are copies from Paris and New York models yet we are satisfied that the original hat can not give better satisfaction than those we make. To interest you in purchasing Saturday we have made up a number of special lines, a number of which we feature in this ad.

\$10.00 Ultra Stylish Dress Hats at \$5.00

Every hat in the assortment is hand made either on wire or buckram shapes and are all newest, most popular materials and include French salons of silk with Paon velvet bindings; salons of Taffeta silk finished with Chenille braid; turbans of braid used in combination with velvet and trimmed with wings. These descriptions apply to but few for there are no two alike and there is not a one in the lot that could be bought at other stores under \$10.00. A special leader for Saturday only, at choice..... **\$5.00**
